Novel and Short Story Writer's Market 2013 is a fantastic tool for fiction writers. The real reason most of us purchase this product is due to the market listings. The bonus in this book are the many tips, reports, and short features that also prove to be very helpful to writers of all levels. This is one book I buy every year. Thank you Writer's Digest for putting this great device together year after year.

This issue of Writers Market has everything you need to get some insight into the publishing industry. That said I would consider this book a great reference guide for beginning web research into the many listings. While most of the listing

I found was legit there was a few of the listings which I was shocked to find that were not actual what I consider to be actual publishing companies. Despite that there are literally thousands of listings with company information, descriptions of what they publish and what they are looking for. The listing included poems, short story contest, cards, and much more. along with contact information. It is a great book if you are looking for leads but additional research is recommended. 2 of 2 people found the following review helpful. Great resource By Ingrid F The 2013 Novel and Short Story Writer's Market is a must have for all serious fiction writers hoping to sell their stories.
