Quick easy read!By Stephanie WahlbergThis is a great book full of great quotes. I am a business leader and do many things that the author writes about and have great success with my team. This reinforced and confirmed what I'm doing on a daily basis.

In 212 Leadership, Mac Anderson shares 10 of the elements that can help to transform your leadership skills, along with some of his favorite quotes on the elements of leadership. You'll gain insight into the qualities and characteristics of great leaders. History has identified many qualities and characteristics of great leaders, and, of course, no person embodies them all. But the great leaders have one simple thing in common: They have developed their leadership styles around their personalities and their values, and in the end, their actions are consistent with what they truly

believe. 212 Leaders have made the leap from good to great. They are able to not only rally the troops to committed, purposeful action, but also to create an environment where quality and innovation are the norm, rather than the exception. 212 Leadership is designed to make you think...to help you grow...and to provide that extra degree of passion to take your leadership skills from effective to extraordinary!
