Two you can give a man a fish and feed him for a day OR you can teach a man to fish and feed him for a life time. Irsquo;ve given a lot of these books to the juvenile court for the councilors, and took some to the prisons there should be only two things allowed in their cells one a Bible and the other is an occupational hand book. Once they have seen this they cant complane.Ive done something for God and humanity.2 of 2 people found the following review helpful. Good to knowBy HypatiaSometimes the kind of info in this book is just good to know. Especially when considering where to invest your time, and in the case of education money as well. This book provides several categories that are applicable to each career. Best paying, best part time, best with no degree, best with degree, best entry level careers, etc. As well as what it takes to find yourself in the career.0 of 0 people found the following review helpful.
