**From Springer : 50 Years of EU Economic Dynamics: Integration, Financial Markets and Innovations** before purchasing it in order to gauge whether or not it would be worth my time, and all praised 50 Years of EU Economic Dynamics: Integration, Financial Markets and Innovations:

Experts present their analyses of historical developments as well as new economic challenges for the European Union.

Contributors, representatives from major banks and academia, point out the dramatic economic shifts among and within Europe, Asia, and the United States. At the bottom line of this EU analysis are major implications for investors, managers, policymakers, and the public at large in both the EU and the rest of the world.
