Few books on leadership are so easy to read, comprehend and apply...mainly because the author doesn't attempt to make you the reader a clone of himself, rather he helps one to see leadership abilities are extracted; being already present and active in ones life, just simply unnoticed.0 of 0 people found the following review helpful. Great readBy nahnjie05Realistic steps to get to the

person God created you to be. We all get there eventually but this easy to read book puts the steps in one place. Helpful in business and personal relationships. 0 of 0 people found the following review helpful. Spectacular! By Mary Kuncz This was a wonderful book. I have already started using and applying the techniques Dr. Cloud suggested. I am looking forward to reading it again and his other books!

Why do some leaders get and accomplish what they want as a matter of routine, while others seem to regularly experience frustration and setbacks? Why do some leaders achieve their goals and reach new heights, while others barely "hang in there" and survive? Based on his groundbreaking psychological study of the ways that successful individuals think and behave, Dr. Henry Cloud presents a simple yet profound roadmap to help leaders-and those who want to become leaders-arrive at greater levels of personal growth and corporate influence than they previously thought were possible. The good news for all of us is that leadership success is not limited to vague notions of "charisma" nor traditional advantages like graduate degrees and connections, but much more to a pattern of thinking and moving forward that learns from mistakes and stays focused on goals.

About the Author Dr. Henry Cloud is an acclaimed leadership expert, psychologist, and New York Times best-selling author with his books selling more than 10 million copies. As a speaker, Dr. Cloud has shared the stage with many business and global leaders and experts, such as Tony Blair, Jack Welch, Condoleezza Rice, Desmond Tutu, Malala Yousafzai, and others. In his leadership consulting practice, Dr. Cloud works with Fortune 500 companies and smaller private businesses alike. He has an extensive executive coaching background and experience as a leadership consultant, devoting the majority of his time working with CEO's, leadership teams and executives to improve performance, leadership skills, and culture. Dr. Cloud lives in Los Angeles with his wife, Tori, and their two daughters, Olivia and Lucy.
