**Barbara Herlihy, Gerald Corey : ACA Ethical Standards Casebook** before purchasing it in order to gage whether or not it would be worth my time, and all praised ACA Ethical Standards Casebook:

2 of 2 people found the following review helpful. Exactly what I need for my class.By TFritzI ordered this book for a class at my school. The book is great and I only have one complaint, the Kindle for iPad "e-textbook" has no page numbers, and I can't cite a resource without page numbers. Luckily the book is entirely codified with word for word text directly from the ACA standard. I can simply cite the code, but if I wanted to use a portion of the case example, I cannot. The best way I found to overcome the lack of page numbers is by searching the index and finding the page on which the topic of interest is listed.So overall, I'm happy with the book, but I wish I bought the paperback due to the

aforementioned situation. I might suggest for kindle on iPad to add page numbers to the location slider and search tool. 2 of 2 people found the following review helpful. Great Textbook By R. J. Alfaro Great information. Clearly laid out and you will have your copy of the ACA code of ethics with case examples. I highly recommend this book for any Ethics class. 2 of 2 people found the following review helpful. This was recommended in my supervision course and so I bought to ... By Evelyn Stone This was recommended in my supervision course and so I bought to use for supervising others and it has proven to be worth the purchase price.

This practical guide is ideal both for teaching future members of the profession about their ethical responsibilities and for reinforcing ethical competence among current professionals. We strongly recommend this book.

Herlihy and Corey's text boosts the reader's ethical understanding leaps and bounds above mere reading of the ACA Code of Ethics. With multifaceted case study examples and an integrated approach to tackling ethical dilemmas, this book is a must-read for students, counselors, counselor educators, and supervisors.

The seventh edition of this top-selling text provides a comprehensive resource for understanding the 2014 ACA Code of Ethics and applying its principles to daily practice. Each individual standard of the Code is presented with an explanatory case vignette, and a Study and Discussion Guide is provided at the beginning of each major section of the Code to stimulate thought and discussion. Common ethical concerns, with instructive case studies, are then explored in individual chapters.

Topics addressed include client rights and informed consent, social justice and counseling across cultures, confidentiality, counselor competence, working with minor clients, managing boundaries, client harm to self or others, counselor training and supervision, research and publication, and the intersection of ethics and law. Chapters new to this edition examine managing value conflicts and the issues surrounding new technology, social media, and online counseling. The Casebook also contains an Inventory of Attitudes and Beliefs About Ethical Issues to assist counselors in developing a personal ethical stance. \*Requests for digital versions from the ACA can be found on [wiley.com](http://wiley.com).
