One of the most critical elements of achieving a successful career, interviewing with poise and tenacity, is a skill to be

learned—and this practical guide leads readers through that process, step by step. • Provides a librarian-specific job-interviewing guidebook that guides candidates through the strategic and targeted interview preparation process for today's highly specific librarian positions • Presents contributions from library leaders such as Rivkah Sass (Sacramento Public Library), Brett Bonfield (Collingswood Public Library), Anne Langley (Princeton Library), and John Danneker (Odegaard Undergraduate Library, University of Washington) who explain what can make or break an interview • Includes a helpful job application tracking chart as well as an interview preparation checklist (for remote and in-person situations) and an interview presentation checklist
