**G. Mattarocci : Anomalies in the European REITs Market: Evidence from Calendar Effects (Palgrave Macmillan Studies in Banking and Financial Institutions)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anomalies in the European REITs Market: Evidence from Calendar Effects

(Palgrave Macmillan Studies in Banking and Financial Institutions):

This book analyses calendar anomalies in the real estate industry with a focus on the European market. It considers annual, monthly and weekly calendar anomalies looking at a representative sample of European REITs and highlights the main differences amongst the countries.

About the Author Gianluca Mattarocci is a Lecturer in Financial Markets and Institutions in the Department of Economics and Finance at the University of Rome Tor Vergata, Italy. He holds a Masters in Asset Management and a PhD in Banking and Finance from the University of Rome Tor Vergata. He teaches corporate finance at the University of Rome Tor Vergata and LUISS Guido Carli and he is faculty member of the PhD in Management at the University of Rome Tor Vergata. His main research topics are credit risk management and real estate finance.
