From Asian Development Bank : ASEAN+3 Bond Market Guide 2016: Singapore (ASEAN+3 Bond Market Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised ASEAN+3 Bond Market Guide 2016: Singapore (ASEAN+3 Bond Market Guides):

The Singapore bond market has become one of the most developed open capital markets in Asia with over US\$221 billion in total local currency bonds outstanding with an additional US\$53 billion of bonds outstanding. The Singapore Bond Market Guide is an outcome of the support and contributions of ASEAN+3 Bond Market Forum members and experts, particularly from Singapore, while the ASEAN+3 Bond Market Guide as a whole is a comprehensive explanation of the regionsquo;s bond markets. This report should be recognized as a collective good to support bond

market development among ASEAN+3 members.
