Joe Larragy : Asymmetric Engagement: The Community and Voluntary Pillar in Irish social partnership (Irish Society MUP) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Asymmetric Engagement: The Community and Voluntary Pillar in Irish social partnership (Irish Society MUP):

This book focuses on one of the most innovative aspects of Irish social partnership, the Community and Voluntary Pillar. It is the most thorough account of the dynamics of the Pillar to date and tackles the weaknesses in existing perspectives. Through the lens of asymmetric engagement, Larragy captures the elusive ways in which small organisations may achieve some real change, suffer setbacks and periods in the doldrums, and still come back for more. Against the warp and weft of broader political and economic dynamics, and shifts in the political sentiment of the demos, the book identifies windows of opportunity for organisations acting as policy entrepreneurs. This volume will address a key gap in the literature on Irish political studies, governance institutions and social policy. Written in a clear and lively style, this is a wonderful resource and should be an essential text for students.
