Other tools that have become key to definitely one's digital brand.0 of 0 people found the following review helpful. Job searching now vs. thenBy tkIn today's world of social networking ,

this book will help get you off on the right foot for your job search. 0 of 0 people found the following review helpful.
Good read
By Customer
Good book of strategies for the digital age. Don't bash it without reading based on the title - that's just silly.

In his twenty years as a freelance journalist, Jeremy Dillahunt learned a thing or two about job seeking. Chief among them was one undeniable fact; the Internet has changed everything. The old rules no longer apply and if you want to get hired today, your resume just doesn't work. The Internet does. So Jeremy decided to figure out how. In 2015, nearly 60 million job openings were accessible to jobseekers nationwide; thanks to the Internet. But this access is only one part of the equation. For many jobseekers, a huge challenge remains; how do I get my resume in front of the hiring manager, and how do I use the Internet to do it? *F*ck Your Resume* is the complete all-in-one guide to move beyond the traditional resume-for-hire system and use the Internet to optimize one's chances of finding and landing the job. According to Jeremy Dillahunt, the Internet is just not just one way to find a job; it is the only way. Built on Dillahunt's research of current hiring trends, *F*ck Your Resume* nails down the top factors that recruiters and hiring managers consider when evaluating candidates. The Internet-based approach presented in this book provides practical, step-by-step instructions that will help you: *Get It Done*; create a strong, professional online presence on networking sites such as LinkedIn, Twitter and Facebook; *Push Yourself*; move your profile up the job boards with tips for personal branding; *Face It*; you're going to show up in a search result, so look good when you do; *Power Up*; connect with a reputable network of professionals who you'd want to be associated with; *Sound Off*; this may be your only chance to "talk" to a potential employer, deliver a message that is clear, consistent, and competitive. Additional features include: Surprising facts and candid advice from top-notch recruiters * "The Worst Resumes Ever" * The Five Secrets of Job-Interview Success * The Five Secrets of Salary Negotiation * and much more

About the Author
