Tom Copeland : Family Child Care Business Planning Guide (Redleaf Business Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Family Child Care Business Planning Guide (Redleaf Business Series):

1 of 1 people found the following review helpful. Five StarsBy MaryGreat for home child care business1 of 1 people found the following review helpful. A must have for Family Child CareBy Nikita BenedictI really loved this book. I bought it for a class I was taking, but loved it so much that I am keeping it rather than selling it like I usually do with textbooks. The book is a great asset for anyone who is starting their own family child care business. It has great tips for your entire business plan, from marketing and insurance to planning your budget and program. I could have used a bit more guidance on some parts of the plan, but this book was definitely a wonderful help to me, and will be in the future.0 of 0 people found the following review helpful. So much needed information in here.By Ashley EvansSo much needed information in here.Great buy!

Family child care providers will learn how to formulate and use a business plan. Includes a step-by-step guide to write a business plan and information on how to effectively use it.

About the Author Tom Copeland, JD, has written several books on business issues for the family child care field. He trains thousands of providers each year on record keeping, marketing, contracts, and other business topics.
