**From Palgrave Macmillan : Female Entrepreneurship in Transition Economies: Trends and Challenges** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Female Entrepreneurship in Transition Economies: Trends and Challenges:

This book explores different topics in the field of female entrepreneurship, such as motivational factors of female entrepreneurs, career perspectives of women, social female enterprises, tourism and hospitality, and emotional and institutional support of female entrepreneurial initiatives in the perspective of different transitional countries.

About the Author Veland Ramadani is Assistant Professor at South-East European University, Republic of Macedonia, where he teaches both undergraduate and postgraduate courses in entrepreneurship and small business management. He has authored or co-authored more than forty research articles and nine books. Veland also serves as a member of editorial and reviewer board of several international journals. Shqipe Geumlr;guri-Rashiti is Assistant Professor and teaches mostly undergraduate courses in strategic management and information systems at College of Business Administration, American University of Middle-East, Kuwait. Her research interests include management, strategic management, management information systems, etc. She has authored twenty research articles. Alain Fayolle is Professor of entrepreneurship at EM Lyon Business School, France, and Founder and Director of the Entrepreneurship Research Centre. Alain has published over twenty books and one hundred articles in leading international and French-speaking scientific journals. He is also acting as an expert for different governments and international institutions (OECD, EC).
