Utterly Clear Explanations of Financial Planning for EveryoneBy Poor Richard Web Press LLCJoel Lerner's "Financial Planning for the Utterly Confused" provides a wonderfully laid out explanation of the financial tools and vehicles available to everyone. Many folks understand things like 401Ks, IRAs and Social Security at a high level, but Joel provides the details and nuances of these items in non-technical language rather than in "broker-speak." For me, I was thrilled at the clarity of the way Joel explained stocks and stock purchasing.
