Christine Benz : Find the Right Mutual Funds: Morningstar Mutual Fund Investing Workbook, Level 1 (Morningstar Fearless Investor Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Find the Right Mutual Funds: Morningstar Mutual Fund Investing Workbook, Level 1 (Morningstar Fearless Investor Series):

1 of 1 people found the following review helpful. It's okay but . . . focus on simpleBy Hal FontsThere's a lot of "financial-porn" advice about picking the moment's best investments. Far better to diversify broadly, minimize costs (fees) and leave it alone over a long term. It can be done with a few (Total Market. Stock and Bond, Indexed Funds or ETFs). Beware of sub-Sectors, and NEVER buy individual company stocks. So, while this type of book shows you the broad spectrum of mutual-funds, DO NOT let it become confusing -- or lead you astray.Focus on a very simple strategy, and get started NOW. First, bank Savings and CDs, then company Retirement Plans with matching funds, and soon self-managed low fee, reputable indexed total-market Mutual Funds or ETFs. Do not mess with any weird or

exotic risky stuff -- you want boring safety with steady "average" long-term growth -- NOT yesterday's high-performing winner. 1 of 1 people found the following review helpful. Great for beginners By barbara A breeze to read. Quizzes are fun, glossary very helpful. A good overview that keeps the focus on the main points and doesn't overwhelm with details. 0 of 0 people found the following review helpful. Four Stars By P. McCarthy Great read.

The Morningstar Investment Coach: Finding the Right Funds allows readers to take their first steps in the world of mutual funds with confidence. Filled with informative topics such as how to purchase a fund and how to find a fund's total return, as well as important fund documents, this guide has been designed to give readers a solid mutual fund investing foundation.
