Bible for Financial LiteracyBy Shem 8In the aftermath of the great financial crisis, there has never been a greater need for Fin Lit, i.e., Financial Literacy. Having read a great many books on the markets, I can think of no better place to start than Groz's book. The remarkable thing is how many intriguing insights there are for experienced investors. Not surprising, as Groz is a highly regarded expert whose understanding of risk has been recognized by the best of the financial press (Joe Nocera of the New York Times, for one). He is also a true innovator and brings his inventive gifts to his writing. All in all, a tour de force!1 of 1 people found the following review helpful. Five StarsBy Customerno problems1 of 1 people found the following review helpful. Forbes Guide to the MarketsBy James A. StidhamBook is the best description of the stock market and how it operates that I have read on this subject. It is written so that it is easily understood by one who knows little about the stock market operation.

From the leader in financial information, a fully updated guide to investing in today's markets This accessible book is a practical guide to the financial markets. Designed to help both the new and experienced investor gain sufficient understanding and knowledge to invest wisely and confidently in today's turbulent markets, it covers all the elements necessary to become financially street smart-from products, players, and procedures to rules, regulators, and risk/reward trade-offs. Filled with solid investment principles, the Forbes Guide to the Markets, Second Edition is completely revised and updated to reflect new trends and changes in the markets. New topics discussed include the introduction and implementation of ETFs, the role of hedge funds, and the effects of the subprime crisis Updated and revised chapters contain buying and selling techniques, fundamental, technical and quantitative analysis, and futures and options information Highlights key terms and contains a complete glossary An essential resource for both the new or seasoned investor, this authoritative resource is a must-read for anyone aspiring to become a savvy investor.
