**Infinite Ideas : Interview answers: 10 brilliant answers to tough interview questions (52 Brilliant Ideas)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Interview answers: 10 brilliant answers to tough interview questions (52 Brilliant Ideas):

10 of 10 people found the following review helpful. Thinly veiled advertisement with some decent advice By Vernon Jackson I initially went into this book thinking that it was pretty good. The first tip was straightforward and had some helpful info. At the end of it, though, there was a link pushing me to go buy some other book. Okay, I thought, that's cool...push your other book one time...that's fine. Except it's on every single tip. I skimmed the rest of the book, and the author/publisher is pushing another interview book in every single tip. For me that makes this book not worth it, though the advice is relatively solid, if you can look past the blatant promotion that is going on in it. 2 of 2 people found the following review helpful. Not What I Expected By Dr. Angela D. Massey I purchased this book primarily for research

purposes, and it was not what I expected. Books that put words in an interviewee's mouth don't give that person much credit for being able to think on their own. While I suppose some people want all of the work done for them, I prefer information that serves as a starter. Interview Skills: How to Get Hired NOW! Quick Job Interview Success Tips As a seminar leader, corporate trainer, and author I find that hiring managers want to interview people who can think on their own and speak on their own. They tend to shy away from those individuals who learn canned answers. I did like the author's section labeled: "Here's an idea for you..." at the end of each chapter. I would have preferred to see that closer to the beginning of each chapter to help set the right tone for the reader--"You have to do the work to prepare for an interview!" 0 of 0 people found the following review helpful. Very interesting read before any interview By Soheyl Afaghi Very good read. Highly recommend it. Especially for any manager or for people seeking managerial positions. This book is applicable in any industry as well.

Interview answers is unlike the majority of interview techniques books because it steers clear of blindingly obvious advice such as not to wear track-suit bottoms or turn up drunk to your interview, and instead provides a way into the mind of the interviewer so that you can spot the likely questions and know how to answer them differently depending on the perspective of the interviewer.
