Kiana Danial : Invest Diva's Guide to Making Money in Forex: How to Profit in the World's Largest Market (Professional Finance Investment) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Invest Diva's Guide to Making Money in Forex: How to Profit in the

World's Largest Market (Professional Finance Investment):

0 of 0 people found the following review helpful. Good but for beginners you should know the basics first. By CustomerOk to be honest she makes it sound easier than it is. Yes I'm new to forex I'm also not a genius or super great at math. She says you don't have to be but it still obviously requires some math and conversion that can be a little confusing if you're more right brained and completely new to all of it. I definitely appreciate her knowledge and her analogies of dance kind of help but for someone completely new to the concept I would need an extremely more simple step by step guide that spells out what each means. She does do this on some things but others I was a little lost and had to look up what it meant. I probably will read forex for dummies or something lol. It's not a bad read it's definitely helpful and she put her heart into it which I appreciate and will probably read again once I know more basic concepts. 1 of 1 people found the following review helpful. If you are into Ichimoku Kinko Hyo trading, this is great book for you. By Michael Spindler If you are into Ichimoku Cloud, also known as Ichimoku Kinko Hyo trading, this is great book for you. Not so much for me. I like to keep it simple, I find this trading system confusing when scanning pairs for a setup. Maybe in time and with practice... Happy Pip hunting to you. 1 of 1 people found the following review helpful. For Divar's and Divor's Alike! By Robert L. As a recently retired entrepreneur looking for something to occupy my newly found spare time I came across Kiana's book and website. I had always had an interest in the currency markets but felt very daunted by the technical aspects of it. For anyone that feels the same way, this is the book for you. The steps are straight forward for a beginner and Kiana tells it honestly, including her own personal experiences which brought her to the point of writing this book.

Q: Ladies, Do YOU Have What It Takes To Become A Forex Diva? A: Yes, You Do. With this incredible new step-by-step guide, investing pro and TV personality Kiana Danial shows you exactly how to understand and take advantage of foreign currency trading. Years ago, the author discovered that women in Japan were making a fortune trading currencies on the foreign exchange (forex) market. These ladies were not investment professionals or financial wizards; they were ordinary individuals who simply learned how the online currency exchange market works--and mastered it. Now you can do the same. In fact, you're about to see just how easy it can be to trade on the largest and most liquid financial market in the world. Kiana Danial spent years studying the habits of investors and discovered that women frequently make smarter, wiser, and less-risky investment choices than their male counterparts. This is precisely why she founded InvestDiva.com--the woman's guide to smart, safe, and profitable trading. By tapping into women's intuitive knack for multitasking and risk management, the author demonstrates why a woman's natural skill sets make her uniquely equipped to reap the enormous rewards of this extremely lucrative field. Invest Diva will show you: How the global currency market works Why social, political, and cultural events shape trading The smartest short- and long-term strategies Best practices for navigating the economic calendar Plus, you'll learn how to identify investment opportunities and spot trends using the five points of the Invest Diva Diamond: * Technical Analysis * Fundamental Analysis * Sentimental Analysis * Capital Analysis * Overall Analysis From her popular blog to her worldwide TV and web presence, Danial has become famous for making complex topics fun and easy to understand via simple, everyday analogies. With Invest Diva, she shows women everywhere the stress-free way to trade currencies--without ever leaving home. What the Boys of Wall Street don't want you to know . . . After years of studying the principles of the foreign currency exchange market, financial expert and financial correspondent Kiana Danial gets to the bottom of today's most curious investment phenomenon: Why are women suddenly making a fortune trading currencies? The answer is inside this book, along with a roadmap designed to show you how and why forex can work for you. "Kiana Danial breaks down a sophisticated foreign exchange market with memorable analogies that can help the most financially illiterate person understand and gain passion in following the markets the way Ms. Danial does." -- FAN YANG, CMT, CEO, FXTimes.com "A must-read if you're considering trading any market or need to know more about trading the forex market. Kiana is an experienced market analyst and a gifted communicator whose book confirms what a lot of men are coming to realize--that women have an edge in trading because they understand the value of analyzing and planning before they risk their time and money." -- JAY NORRIS, founder, Trading University, and author of Mastering the Currency Market and Mastering Trade Selection and Management

About the Author Kiana Danial is founder and CEO of InvestDiva.com and ForexDiva.com. She is a multilingual forex analyst and popular television host based in New York. Originally from Iran, Kiana was educated in Japan and holds two degrees in electrical engineering.
