**Russell Wild : Investing in ETFs For Dummies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Investing in ETFs For Dummies:

5 of 5 people found the following review helpful. I have to say this was the best one I've readBy Stuart O.I have never reviewed anything in the past but I felt that I must review this book. I have read many investing/trading books. I have to say this was the best one I've read. I learned a lot about ETFs and investing in general. It was very complete and offered a realistic trading plan that anyone can use. Absolutely worth the price. The suggested simple portfolio on page 173 was by itself worth the price of the book.2 of 2 people found the following review helpful. outstandingBy john

SheltonI read read read all sorts of books but lately have been focusing on investment books. I can't recall having read a more enjoyable and informative book. This is very simply an outstanding book. Of the dozens I have read the only other author who comes close to this one is a Dummies book by Barbara Rockafellor also on investing.0 of 0 people found the following review helpful. It is a good read and one to which the reader should pay ...By john coleThis is the first "dummie" book I have ever read. It is a clearly-worded presentation of ETF's, their promise and pitfall, mixed with real world common sense. It is a good read and one to which the reader should pay close attention.

Diversify! Add ETFs to your investment portfolio Whether you are a seasoned investor or you're just getting into the investment game, one thing is certain: you need to diversify! Investing In ETFs For Dummies is a practical, easy-to-use resource that introduces you to the world of exchange-traded funds;and provides you with the knowledge you need to incorporate ETFs into your investment strategy. Discover commodity ETFs, style ETFs, country ETFs, and inverse ETFs, all of which play an important role in this new trading environment. Supplement your knowledge with an understanding of the risks and rewards associated with ETF investments, and consider how ETF investments can complement your current portfolio. Though not as well-known as some other investment options, ETFs are wonderful tools for filling in the gaps in your investment portfolio. These investment options have the power to give you access to markets or investment areas that, otherwise, may be restricted, too expensive, or exceedingly risky;and can open investment doors you may have not yet considered. Understand how to navigate the ETF marketplace with confidence Make informed investment decisions based upon fundamental knowledge about the ETF market Explore the latest ETF products, providers, and strategies to guide you in choosing the right ones for your needs Increase the diversity of your investment portfolio, and bring a new facet of potential to your investment strategy Investing In ETFs For Dummies is a great resource if you're looking to enhance your investment portfolio by participating in the ETF market!

From the Back CoverLearn to: Navigate the EFT marketplace with confidence Choose the right products and strategies for your situation Increase the diversity of your portfolio See how exchange-traded funds can enhance your portfolio Exchanged-traded funds, or ETFs, are becoming standard additions to an investor's portfolio. Build your knowledge base by learning how ETFs work, the differences between the various types of ETFs, as well as the pros and cons. Knowledge is power mdash; see how ETFs can be uniquely suited to filling the gaps in your portfolio Discover what's out there mdash; explore the latest products, providers, and strategies, so you can make informed decisions Get the straight scoop mdash; understand the risk and return on ETFs and get straightforward information about their advantages and disadvantages Optimize your portfolio mdash; learn to customize ETF investments to suit your personal investment needs Open the book and find: A primer on ETF basics How to get started Why ETFs are a tax-smart option What you should know before going global Where ETFs may fit in your portfolio The value of patience in investing About the AuthorRussell Wild is a NAPFA certified financial advisor and principal of Global Portfolios, an investment advisory firm based in Allentown, PA that works with clients of both substantial and modest means.
