4 of 4 people found the following review helpful. Jungle out there for Nano!By Donald HsuThis book is a good summary of 100+ companies in the nanotechnology business. It was published in 2006. Already many firms disappeared. Even with the Merrill Lynch nanotech index on p. 264, there is no sure way to make money. Nano is similar to biotech early stages. Companies spent millions of research dollars on nano, yet at the end, the return on investment is unknown. This is a big challenge for entrepreneurs. Many more research and books will be written in this field. Stay tuned...1 of 1 people found the following review helpful.
