**From Asian Development Bank : Investing in Natural Capital for a Sustainable Future in the Greater Mekong Subregion** before purchasing it in order to gage whether or not it would be worth my time, and all praised Investing in Natural Capital for a Sustainable Future in the Greater Mekong Subregion:

This report aims to demonstrate the compelling need to increase investments in natural capital in the Greater Mekong Subregion (GMS) and identifies actions now being taken regionally and nationally to manage natural capital. It also proposes a guiding framework for promoting investments and actions by GMS countries to secure natural capital and

thus ensure sustainable and inclusive growth in the subregion.
