One of the best books to understand ITSM Standards By Rajiv Ramakrishnan I bought this book to do a self study for the ISO 20K Auditor Exam along with the coaching I had received earlier. Found the book quite easy to comprehend and an interesting read though usually similar technical books may make reading boring! However, it may depend on personal views as well, but I liked it and used it to clear

my exam.0 of 0 people found the following review helpful. Great ReferenceBy OuisiGreat reference. Sufficient detail and small enough for a daily carry.0 of 0 people found the following review helpful. RecommendedBy Edgardo J. FernandezVery clear introduction to the ISO20000 standard.
