show. The book was OK and not "awe-inspiring" or any fancy adjective that a lot of the five star reviews have suggested. That leads me to believe a lot of the top ratings are fake. :(and I noticed a lot of the 5 star ratings were posted within a couple days of the book coming out. The book itself was OK. Some parts were really entertaining but I didn't get a lot out of it, other than Josh loves his fiancée and has an uber successful real estate business. There were some motivational quotes sprinkled throughout but I definitely think this book could have been condensed down into a short YouTube video, or blog post. 9 of 9 people found the following review helpful. Beware of the ego! By Jennifer I felt as if who Josh is on the show is how he is in the book. Very egotistical. Some of the topics (trying shrooms) I did not find necessary to talk about in a book about real estate. Some parts, the parts not about him, I enjoyed reading and got great advice for my real estate business. Overall, I wouldn't recommend this book to anyone. 0 of 0 people found the following review helpful. b/w 2.5 to 3 stars By William Roberts This is an entertaining, light, and fun read. I am not of the mindset that I am motivated externally. However, if I were, this book would be motivating! The first 12 or 13 chapters provide interesting content and take home messages, infused with colorful and applicable stories. Unfortunately, the latter chapters begin to lose their luster. The book ends with a nose dive that seems like reworded redundancy, in an attempt to meet a page quota.

A Wall Street Journal Bestseller One of the stars of Bravo's hit series *Million Dollar Listing Los Angeles* reveals his trade secrets, offering aspiring entrepreneurs and established professionals tips and insights to help them outsmart the competition.
