**Brian Tracy : Leadership (The Brian Tracy Success Library)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Leadership (The Brian Tracy Success Library):

1 of 1 people found the following review helpful. A great leadership principles summary book By Subash I know few people have written not so positive comments on an amazing book for which I would like to defend. In the first few lines of the book, Brian explains that this book is for people who make things happen. It means, this book will work well to get clarity of your leadership thought process if you are already in some leadership role. If you are not, then you may not be able to understand some basic principles and I would recommend other detailed books from Peter Drucker etc. The book summarizes so many leadership principles in one place. I am going to keep it as a referral when my judgement gets clouded due to the conflicting nature of data. Sometimes we need to do the right thing even if it means

it is going to make us feel uncomfortable. 0 of 0 people found the following review helpful. Highly recommended  
By Suhaib I'm not stranger to Brian Tracy's books. Love the fact that he provides tangible thing that one can work on immediately. He doesn't waste the reader's time by providing fluff. If you're interested in learning more about becoming a leader, this book is for you. 1 of 1 people found the following review helpful. Just read Peters, Drucker or Allen instead  
By Thomas R Paris This book is large boilerplate motivational ideas from other writers, unattributed factoids, and a focus on positivity like you'd find in "the secret."

Nobody comes into the world a natural leader. But what is it that transforms some people into the kind of magnetic individuals who inspire others to follow? Success expert Brian Tracy has helped thousands of people become exceptional leaders and now, in this concise and powerful book, he reveals how you can:

- Inspire trust, confidence, and loyalty
- Instill a sense of meaning and purpose in your organization
- Tap into the motivation and enthusiasm that compels others to commit to your vision
- Think strategically—keeping the big picture in mind
- Continually focus on the future
- Turn adversity into opportunity
- Take the right kind of risks
- Clearly communicate goals and strategies and gain buy-in
- Build winning teams
- Elicit extraordinary performance from ordinary people
- Cultivate worthwhile relationships and leverage The Law of Reciprocity
- Become the person seen as most likely to lead the organization to victory

And more Great leadership isn't a mystery. It is a skill that can be learned. Packed with practical, proven methods, this indispensable little guide will help you unlock your leadership potential.

Through embracing and diligently applying his practical proven methods, readers will gradually unlock their own leadership potential and then tap into the amazing potential of others.

--Smart Supervision "...having trouble fulfilling your managerial responsibilities? If so, Leadership has many unique and easy-to-apply strategies to help you overcome your challenges."

--San Francisco Book "This is what I call a 'right-hand drawer book.' It's the kind of inspiration tool you refer to again and again as you develop into a true leader."

--PCB007 "This indispensable little guide will help you unlock your leadership potential."

--New Equipment Digest

From the Back Cover Few people are natural-born leaders. So what is it that transforms a person into the kind of individual who inspires others to follow? Success expert Brian Tracy has helped thousands of people become exceptional leaders and now, in this concise and powerful book, he reveals how you can:

- Inspire trust and loyalty
- Instill a sense of purpose in your organization
- Think strategically—keeping the big picture in mind
- Turn adversity into opportunity
- Take the right kind of risks
- Clearly communicate goals and strategies and gain buy-in
- Build winning teams
- Elicit extraordinary performance from ordinary people
- Cultivate worthwhile relationships and leverage The Law of Reciprocity
- Become the person seen as most likely to lead the organization to victory

Great leadership is a skill that can be learned. Packed with proven methods, this indispensable little guide will unlock your leadership potential.
