Rafael A. Saacute;nchez Saacute;nchez : The Politics of Central American Integration (Latin American Studies: Social Sciences and Law) before purchasing it in order to gage whether or not it would be worth my time,

and all praised *The Politics of Central American Integration* (Latin American Studies: Social Sciences and Law):

Since its inception in the 1960s to the regional negotiations in the 1990s and onwards, Central American integration has been a process characterized by both dramatic advances and setbacks. This book provides a theoretical explanation of this ebb and flow, examining different stages including the military conflicts of the 1980s, the subsequent Esquipulas peace process, and the relaunch of integration during the 1990s under the System of Central American Integration (SICA). Saacut;nchez Saacut;nchez's analysis focuses on the policies and preferences of the larger states of the region, Costa Rica, El Salvador and Guatemala, and argues that integration relies on intergovernmental bargaining. Interviews, historical and comparative data are presented in a format invaluable for students and teachers concerned with comparative regional integration, as well as for those seeking a greater understanding of contemporary Central American regional and international politics and development.

About the Author Rafael A. Saacut;nchez Saacut;nchez is a London-based independent researcher and analyst on Central American issues.
