Excellent Kingdom Leader and AuthorBy Praise the Lord!An excellent addition to Dr. Myles Munroe's biblically based study materials on leadership and character . As always, Myles has used his gifts to help us better understand God's Word. I'm so thankful for the privilege of having been

exposed to his talents and gifts. I've been buying Myles Munroe's book since the mid to early 90's when I first became aware of him. He's been so consistent and stable in his work and I've learned alot. He has inspired me to get my Bachelor and Masters Degree in social work. My specialty is working with famlies and children. More recently, Myles has inspired me to start my own business. Although, I wanted more of him here in the physical world God knows best. Myles said, " its not the person that draws people but his gifts". I had the pleasure of meeting Myles in 2002 at a church in my home town. I bought,The power of Prayer, an awesome book and got his autograph. Yeah! Myles has left us with plenty of his gifts to carry on the vision. Myles is my mentor a true example of what we can do when we discover our TRUE self in the Kingdom of God. You are missed! May God bless us! continue to Provide us the HOW as we continue to strive towards the our purpose in the Kingdom of God. Amen.3 of 3 people found the following review helpful. Young millennial hereBy JohnI would recommend this book to any young undergrad in business(or any major to be honest) since i myself am one. I also am a youth leader at my church. This valuable book will save you or be your game changer. Character is crucial for any leader whether it be in a local church or a fortune 500 company. May Myles Munroe rest in paradise, because his character is still present even past death.

How to Protect Your Leadership Influence and Power nbsp; Yoursquo;ve worked hard to achieve your dreams and goals. Many others have done the samemdash;only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. Theyrsquo;ve been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring. nbsp;
