From Palgrave Macmillan : The Power of the Chinese Dragon: Implications for African Development and Economic Growth (Palgrave Readers in Economics) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Power of the Chinese Dragon: Implications for African Development and

Economic Growth (Palgrave Readers in Economics):

This important reader brings together published articles from Palgrave's journal *The European Journal of Development Research* on the development between China and Africa as well as emerging national economies in the BRICs group. Topics include trade relations, investment in sub-Saharan Africa, global politics of development and more.

About the Author Spencer Henson is a Professor in the Department of Food, Agricultural and Resource Economics at the University of Guelph, Canada and Professorial Fellow at the Institute of Development Studies (IDS) in the UK. He is Editor-in-Chief of the *European Journal of Development Research* (EJDR). Spencer Henson's major research interests focus on the global agricultural and food sectors in the context of international development. O. Fiona Yap is Associate Professor, Crawford School of Public Policy, at the Australian National University, Australia and co-editor of the *European Journal of Development Research*. Her main research interests are in political economy and public policy of East and Southeast Asia, and she is currently working on experimental analyses of citizens' collective action against government corruption.
