4 of 4 people found the following review helpful. Extremely helpful resume writing toolBy Rachelle Lappinen, Career AdvisorI use this book to help my students and alumni to write the most important, yet difficult, part of their resume -

the experience descriptions. Writing descriptions on the resume should be more than just a job description. It should show that the job seeker took time and care to write them. The bullet descriptions should be accomplishment and project based, and start with an action verb. This book is a great tool to get you started, and give you ideas. It has descriptions from waiter to descriptions for nursing. I highly recommend this book as one of your tools for rewriting an effective resume. It has helped our Becker students and alumni write effective resumes, that helped land them jobs. 2 of 2 people found the following review helpful. Five Stars By Angelique R.
