Don't wait until you're 50 or until you find yourself a casualty of a bad economy to realize it's time to start over. Take charge of your life NOW and control your destiny by becoming an entrepreneur. There is no one better at guiding you through the rough waters of being your own boss than Ed Rogoff. With Ed's guidance, I

personally have been able to open boxing gyms in New York and Los Angeles, unprecedented in my field. What makes it more remarkable is that it was done with no partners, investors or experience. What I did have was access to the the guru of business start-ups, Ed Rogoff. Ed is to entrepreneurs what Angelo Dundee is to fighters - his knowledge, common sense and ability to explain business to even the most business illiterate is unparalleled. As with all of his books, 'The Second Chance Revolution' is a life changer.1 of 1 people found the following review helpful. "The Second Chance Revolution" is a top pick for any aspiring entrepreneur who wants retirement on the back burner.3 of 3 people found the following review helpful. A Must for all entrepreneursBy Bill ParshallThis book walks you through the entire process of buying or starting a business. It exposes a lot of the basic pitfalls that people who have worked for corporate America have no idea existed. Everything from how to finance your new venture to vetting out the scams that exist in buying an established business are covered in this book. If you have ever thought of owning your own business regardless of your age, this is a must read.

For those setting out on a postretirement career as well as those choosing self-employment after job loss, this guide provides targeted information for the legal, financial, administrative, technological, psychological, and family concerns specific to entrepreneurship after the age of 50. With an enlightening combination of real-world advice and relatable examples, this planner provides those aged 50 and older with the tools to evaluate both their person and the business opportunity and helps them make the best choices. Among the topics covered are how to select the entrepreneurial activity best suited to current finances, time constraints, personal goals, family situation, and temperament; avoid the 10 most common over-50 entrepreneurial mistakes; get a business up and running smoothly and keep it that way; and determine whether a franchise opportunity is a wise option. Advice on availing oneself of the smartest entrepreneurial information, know-how, tricks, and resources available nationwide is also provided.
