Ian M Clarke : The Spatial Organisation of Multinational Corporations (RLE International Business) (Routledge Library Editions: International Business) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Spatial Organisation of Multinational Corporations (RLE International

Business) (Routledge Library Editions: International Business):

This book, based on extensive original research, examines the spatial structure and geographical implications of modern multinational corporations. It looks at the geography of multinational corporations, relates this geography to management and decision making structures and discusses how these items are changing. Exploring the themes of centre and periphery in the corporation it surveys the impact of corporate change and restructuring on regional economies.
