International Monetary Fund : The State of Public Finances Cross-Country Fiscal Monitor: November 2009
before purchasing it in order to gage whether or not it would be worth my time, and all praised The State of Public
Finances Cross-Country Fiscal Monitor: November 2009:

This edition of the Cross-Country Fiscal Monitor provides an update of global fiscal developments and policy strategies. The projections reflect the assessment of initiatives expected during 2009ndash;14. Although fiscal policies continue to provide substantial support to aggregate demand in most countries, a tightening is projected to commence in G-20 emerging markets. Projections assume that all discretionary stimulus envisaged for 2009ndash;10 will be

implemented, however, a sizable share remains in the pipeline.
