J. Stephan : The Technological Role of Inward Foreign Direct Investment in Central East Europe (Studies in Economic Transition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Technological Role of Inward Foreign Direct Investment in Central East Europe (Studies in Economic

Transition):

Foreign direct investment (FDI) assumed a prominent role in Central East Europe (CEE) early on in the transition process. Foreign investors were assigned the task of restructuring markets, providing capital and knowledge for investment in technologically outdated and financially ailing firms.
