Teens: Take NOTE - Investing made simple, easy to read and understand.By CustomerDo not leave school without it Forget credit cards cards this is your companion for your first paycheck or any staring

salary. The work force or careers will suffer and disappoint if you do not take this investment guide serious. It's your life and future, take hold of it before its too late or join the many who live paycheck to paycheck or who embrace "Better late than never" mentality.0 of 0 people found the following review helpful. Great read for young investorsBy MMTim's book provides a great overview of personal finance and investing for young investors. I highly recommend that new investors read his book to gain a survey of the different investment options available to them.

A Wall Street wiz kid teaches teens all about investingAt the age of 8, when most kids look no further than baseball cards and video games, young Tim Olsen bought his first stock.Now, with a diverse portfolio in hand, this13-year-old wunderkind has written The Teenage Investor.Olson explains for teens, Gen-Xers, and their parents how to build wealth in the stock market by starting now. He then outlines a simple, step-by-step program to begin building a lifelong portfolio.Tim's fresh perspective and wisdom-beyond his-years make The Teenage Investor a welcome relief from the standard "how to get rich" investment book. Writing with knowledge and insight of a market veteran, he tells young and first-time investors: How to invest in stocks, bonds, and mutual fundsUnique wealth-building plans for young investorsMethods for building a solid investment portfolio at any age
