**THE SMARTEST TRADES. THE HOTTEST MARKETS. THE ONLY BOOK YOU NEED.** You don't have to be a professional trader to win big in the stock market. That's what Anne-Marie Baiynd learned when she changed her career from neuroscience researcher to full-time momentum trader. Now, with her popular website and this brilliant new book, she teaches other traders how to master the market using her proven combination of analytics and psychology. The Trading Book shows you how to: Master the power of technical trading Increase profits using probabilities and pattern recognition Focus on precision trading for consistent results Discover the benefits of waves and fibs Embrace the habits of highly effective traders This one-of-a-kind guide goes beyond the numbers and statistics to show you the complex psychology behind the trades—from the greatest gains to the hardest losses. You'll discover how other traders deal with making counterintuitive decisions; how to use technical indicators to identify the momentum and direction of the markets; and how to achieve your long-term financial goals through discipline, dedication, and endurance. Filled with insightful case studies, interviews, exercises, and guidelines for keeping a personal trading journal, this is more than a crash course for beginners or an industry guide for experts.
