## Investment (Profile Business Classics):

While most financial and investment advice focuses on recent trends, or encourages consumers to buy a favoured product, this book breaks the mould, offering eternal wisdom that draws on years of expensive failures and enviable successes. Following on from the success of James Skakoon's *The Unwritten Laws of Business* (27,000 copies sold to date), this approachable but thoughtful gem brings together these useful lessons for the first time. Covering everything from reminders of the simplest of truths - 'Patience is a virtue' and 'Better safe than sorry' - to the more troublesome - 'Inflation is the stealthiest of enemies' and 'Guarantees are rarely guaranteed' - each law is presented in an accessible, easily digestible manner, and illustrated with examples. This is essential reading for savers and investors, novices and old hands - and these laws are applicable all around the world.
