By Debbie I have had the pleasure of hearing Deb Curtis and Margie Carter speak. They are both dynamic women that really understand what early childhood needs to be. I am preparing a new website for my child care center and I am so thankful that I read this book before preparing the website. Wonderful ideas that really work in the early childhood setting.

An inspiring and practical guide to creating a larger vision in early child care, this popular professional development tool has been thoroughly revised and offers a concrete framework for organizing an early childhood center director's ideas and work. Updated and expanded, it reflects new requirements and initiatives for center directors and addresses topics including cultivating a vision, developing "systems thinking" for management roles, implementing principles and strategies for mentoring, building a learning community for adults and children, and bringing visions to life. The Visionary Director provides directors with information to perform their jobs with motivation and creativity.
