Patricia Gussin, Robert Gussin : What's Next . . . For You?: The Gussin Guide to Big Changes, Big Decisions, and Big Fun before purchasing it in order to gage whether or not it would be worth my time, and all praised What's Next . . . For You?: The Gussin Guide to Big Changes, Big Decisions, and Big Fun:

0 of 0 people found the following review helpful. What's NextBy Kindle Customer2012 was the second year I used Kindle Books, and I took in many free books. This was one of the free books. The authors are very generous to provide their works for free. This was one that I enjoyed. Thank you Patricia Gussin2 of 2 people found the following

review helpful. Better suited for an magazine article
By Bookgall agree with another reviewer in that the Gussin's have an interesting tale but this book is 99 percent about their experiences. And, it all could have been told in a three-page article for AARP.
2 of 3 people found the following review helpful. When One Percenters Retire!
By Robert Davis
Years ago my parents read books on how to transition from a work a day world to retirement. I am now getting to that point in my life and thought this book might give my wife and I some pointers on making that leap. The title of this book seemed to be spot on for what I was looking for and I think the authors "wanted" to provide that kind of message. The book is far different from what is presented on the cover. What you get is kind of a run down of what rich people talk about at their ritzy country club....
"Oh, Chauncey, we just bought a vineyard in New Zealand! Now we can write off our trips as a business expense!"
Honestly, if you want to read about how rich people justify risky investments to make their "retirement" fun and exciting....this book is for you!

What's Next... For You? is the incredible story of Robert and Patricia Gussin, two retirees who watched with glee as long, successful careers in science and medicine gave way to writing, publishing, and winemaking. Much more than a memoir and anything but a how-to-start-a-business manual, What's Next... For You? is a clear, easy-to-understand guide to reinventing yourself from real experts- two people who did it themselves and lived to tell the glorious tale. Through the engaging, first-person, he said/she said narrative, Robert and Patricia Gussin deliver an inspirational guide filled with advice on why it's never too late to reinvent yourself, and why doing what you love (and loving what you do) is always within reach. A must-read tale of joyfully switching gears, changing careers, and overcoming paralysis by analysis, What's Next... For You? takes the mystery out of that all-too-common question of how to get from where you are to where you want to be.

ldquo;Whatsquo;s Nexthellip;For You? is a book for two groups of people. Those who havenrsquo;t retired --- and those who have. An inspiring story of two remarkable people who reinvented the meaning of being retired. ldquo; Philip Kotler, S.C. Johnson Son Distinguished Professor of International Marketing, Northwestern University Kellogg Graduate School of Managementldquo;There are many possible paths to take in retirement. The Gussin's have chosen to be adventurers and completely change their lives. Their story is compelling and for those ready for a major change, this book can serve as your inspiration.rdquo; Nancy K. Schlossberg, best-selling author of Revitalizing Retirement: Finding Your Identity, Relationships and Purpose
About the Author
Patricia Gussin is a physician who grew up in Grand Rapids, MI, practiced in Philadelphia and now lives on Longboat Key, FL. She is also the author of Shadow of Death, Thriller Award nominee for Best First Novel, Twisted Justice, The Test, and And Then There Was One. She and her husband, Robert, are the authors of What's Next For ... You.
Robert Gussin had a highly successful career as a medical researcher, including 14 years as Chief Scientific Officer of Johnson Johnson. Bob graduated from Duquesne University and received a doctorate from the University of Michigan Medical School. He serves on many hospital and company boards and volunteers at a senior citizens clinic. He is an avid sports enthusiast.
