accessible, easy to read series of tips and tricks, all based on lessons learnt or espoused by successful entrepreneurs. There will be something in this book for anyone seeking to improve their work efficiencies and happiness generally. It would be good to explore some of the concepts in more depth though, as it is sometimes glossed over in pursuit of brevity. Regardless, I will refer back to this book again and again. 2 of 2 people found the following review helpful. Great book! By j b This book is very inspiring and make you see your life and career from a different angle. The testimonial from successful entrepreneur and executives are well chosen and variable. At the end I made a list of the 66 tips and already shared this book with many friends! Thanks Martin Bjerregaard for taking time to write this book! 1 of 2 people found the following review helpful.
