Christine Durst, Michael Haaren : Work at Home Now: The No-nonsense Guide to Finding Your Perfect Home-based Job, Avoiding Scams, and Making a Great Living before purchasing it in order to gage whether or not it would be worth my time, and all praised Work at Home Now: The No-nonsense Guide to Finding Your Perfect Home-

based Job, Avoiding Scams, and Making a Great Living:

21 of 21 people found the following review helpful. Great for total newbies
By GadgetGeekstress I already knew some of the basic information about working from home, so about half of the book was no news to me. However, the sources of jobs, websites, etc. by themselves are reason enough to buy the book. A good many of the jobs hire people not as employees but as consultants--this means you are your own boss. This is not a bad thing--just remember the following: regular employees pay half of their FICA taxes, and their employers pay the other half; if you are your own employer (a consultant) you must pay BOTH halves of that tax. And you have to pay for your own health insurance, of course. So think it over thoroughly before you choose to be a consultant/contractor. If you want to work out of your home, this is definitely the book for you. If you want to start your own home business, look elsewhere.
29 of 30 people found the following review helpful. How I spell R-E-L-I-E-F
By Cris Matthews More than ever, folks grasp for any life raft floating in economically choppy waters, making fodder for scam artists of all kinds. This book is not only a legitimate life ring, it also helps us ward off those eager opportunists. Seldom have I read a how-to book that contains worthwhile information from beginning to end. A kind of toolkit, the book is logically organized, clearly written in non-technical terms. Although there are no guarantees of employment, everything readers need to have a decent chance at finding meaningful work-at-home is at their fingertips. Disability ended my rat race career, but my mouth and brain work just fine. I've spent a lot of time looking for telecommuting positions, easily finding scams, but few legit opportunities. Although, through reading Durst and Haaren's rat race rebellion newsletter, I trusted the authors' credentials, I doubted the book would present anything more than warmed over, rehashed advice. I was truly flabbergasted by just how many possibilities there are for someone with a lifetime of skills and a long work history. I can look forward to being useful again. For that, this book is priceless.
11 of 11 people found the following review helpful. Worth every penny!
By Miranda This book is a magnificent resource for anyone wanting to work at home. It is specifically written for people who know nothing about the work at home world, and for me personally, it explores things I would not have considered, such as how to cope with being isolated at home, or how to increase productivity. The book also has quotes, hints, and tips from people who are already successful. There are so many legitimate, HELPFUL websites included in all the chapters, and an appendix which lines them all up for you when you are finished reading. If you only buy one work at home book, let it be this one.

:Many legitimate home-based jobs and projects can be found online, but trustworthy guidance is scarce. Worse, with a 56-to-1 "scam ratio" in work-at-home ads, the terrain is a minefield of fraud. Nevertheless, customer service agents, researchers, test scorers, tutors, writers, and concierges are just a few of the many people regularly hired to work from home. A growing number of Fortune 500 companies, including UnitedHealth Group, American Express, and Northrop Grumman, also hire home-based personnel. In *Work at Home Now*, you'll learn: - The top insider tips on "good" and "bad" Google search terms. - How to find the "needles in the haystack" on Craigslist, Indeed, Monster, CareerBuilder, and other big sites. - Where the real jobs for mystery shoppers, transcriptionists and similar part-time specialties can be found. - Scam-spotting tips that even law enforcement doesn't know. Including interviews with hiring managers and successful home-based workers, *Work at Home Now* is the ultimate guide to finding the work-at-home job or project you want most.

About the Author Christine Durst and Michael Haaren are longstanding leaders in the work-at-home arena. The job-finding workshops they provide the U.S. State Department and the Armed Forces are the basis for this book. Durst appears often on CNN and was featured by *Woman's World* magazine in 2008 as "America's Ultimate Work at Home Expert." Both authors have also been featured on ABC News 20/20, Good Morning America, and The Today Show, and in *Consumers Digest*, the *Wall Street Journal*, *BusinessWeek*, and many other publications. Durst resides in Woodstock, Connecticut, and Haaren in Annandale, Virginia.
