Daniel Goleman : Working With Emotional Intelligence before purchasing it in order to gage whether or not it would be worth my time, and all praised Working With Emotional Intelligence:

2 of 2 people found the following review helpful. Excellent explanation reveals the importance Emotional IntelligenceBy Douglas KellyExcellent explanations and value of possessing Emotional Intelligence, and much overlooked part of human relations. Very helpful for anyone involved in sales and marketing. Everyone should read this whether they are involved in sales or not, just for the sheer knowledge it imparts. The world could be vastly

improved if everyone knew and understood this little known aspect of relationships. 0 of 0 people found the following review helpful. Good development book for growing leaders your team By Kristen Johnson Easy to read. Well written and researched on emotional intelligence- understanding yourself and others-learning from mistakes! I am using it for leadership development for myself and my team!! 0 of 0 people found the following review helpful. A perfect continuity for everyone who has read "Emotional Intelligence" by ...By dilyana A perfect continuity for everyone who has read "Emotional Intelligence" by the same author. If you are in the work force and holding a job, this knowledge will transform the way you understand "working" and will make you a happier worker. Amazing insights, backed up with scientific explanations but still easy and pleasant to read for a non-scientific mind.

Do you have what it takes to succeed in your career? The secret of success is not what they taught you in school. What matters most is not IQ, not a business school degree, not even technical know-how or years of expertise. The single most important factor in job performance and advancement is emotional intelligence. Emotional intelligence is actually a set of skills that anyone can acquire, and in this practical guide, Daniel Goleman identifies them, explains their importance, and shows how they can be fostered. For leaders, emotional intelligence is almost 90 percent of what sets stars apart from the mediocre. As Goleman documents, it's the essential ingredient for reaching and staying at the top in any field, even in high-tech careers. And organizations that learn to operate in emotionally intelligent ways are the companies that will remain vital and dynamic in the competitive marketplace of today and the future.
