I am so glad James Paine has put the wisdom God is teaching ...By Andy Chambers Workplace Worship teaches us that work and worship are not two separate spheres of life. When we seek to work, and live, each day according to biblical principles, our pursuits express worship to God. I am so glad James Paine has put the wisdom God is teaching him in print. The leadership and life lessons taught in Workplace Worship will be of tremendous encouragement to everyone who seeks to glorify God through their career.0 of 0 people found the following review helpful. This is an easy read, with such practicalBy kimboointhelouThis is an easy read, with such practical, common sense principles that will fuel you forward at work! I keep it handy as a resource to re-read and reflect upon.

Workplace Worship was written for professionals looking to accelerate their careers, find meaning in the mundane, and avoid having to check their faith at the door. It's a compelling case for how spiritual influence works at work and provides insights on how you can build a career that esteems God, inspires others, and positions you for success. Workplace Worship takes a fresh look at the Great Commission as recorded in Mark 16:15 and provides tips, tools, and strategies that address how every Christian can positively influence the world for Christ, without ever standing in front of a church, preaching from behind a pulpit, or knocking on doors. It presents the premise that your work is a type of worship, and how you engage in this type of worship makes all the difference to both your influence and success.
