Patricia Perkins : World Metal Markets: The United States Strategic Stockpile and Global Market Influence before purchasing it in order to gage whether or not it would be worth my time, and all praised World Metal Markets: The United States Strategic Stockpile and Global Market Influence:

The United States holds strategic stockpiles of nearly 100 industrial minerals, metals, and other commodities. These stockpiles have influenced the world commodity markets in many ways. This work brings together in one place, documentary and statistical evidence about the size and nature of the U.S. strategic stockpiles, and the ways in which this influence has been evidenced, in markets for the important industrial metals.

About the Author PATRICIA E. PERKINS is an Assistant Professor teaching environmental and ecological economics in the Faculty of Environmental Studies at York University in Ontario, Canada. Dr. Perkins has worked in Brazil and Mozambique, taught economics at several North American institutions, and has served as policy advisor for the Ontario Ministry of Environment and Energy.
