She particularly want this book "you can win". I looked for this book in many stores and found nowhere. Got this book in and gifted her. She liked the present with no surprise :) :). The book has more more positive thinking and about how to move towards success. I read most of the pages, the book and author are simply amazing. Loved the book. I noticed the following lines in the bottom of book's front cover. "Over

2.6 Million copies sold in sixteen languages". So I guess this line speaks for the book itself. This book has more stories in it to explain the content. So we never got bored to read them, because every time new stories. We are using the book for our kids, we tell them stories to motivate them positively and build their self esteem. My kids also enjoy the Story telling. I am talking about a drop, and you will get to know Ocean things from the book. Will recommend anyone to buy this book.0 of 0 people found the following review helpful.
